

# AMETORONTO2020

## ENERGIZE YOUR JOURNEY

### OCTOBER 26-30

## THE ACCELERATOR PROGRAM

# ACCELERATE YOUR PACE TOWARD EXCELLENCE

Continuous improvement journeys require strong, collaborative actions from all levels of an organization. The more people on a team who share the AME conference experience, the more impact it will have on company processes and goals. The Accelerator Program is designed to help create faster implementation for companies bringing groups of **10+**, **25+** or **50+** to the AME conference – while also offering the lowest conference registration rates.

The AME International Conference will feature world-class tours, renowned keynote speakers and daily presentations from industry practitioners. Send your team and let them witness the power of continuous improvement.

**To learn more, visit [ame.org/Toronto](http://ame.org/Toronto).**

### Hear what others are saying about the Accelerator Program:

“We help them plan their conference in the lead-up and facilitate end-of-day report-out sessions where teams can reflect on what they learned and create an implementation plan to bring what they learned back to their organizations. This is really living the PDCA methodology.”

– **Gary Kerr,**  
Accelerator Program  
Facilitator

“The Accelerator Program helps us focus the AME conference experience so we get the most out of sessions, workshops and tours. Collaboration during and after the conference ensures that our employees fully benefit from their attendance. We clearly are better positioned to more quickly implement key insights and strategies that support our continuous improvement results.”

– **Bob Cenek,**  
Corporate Initiatives,  
Minerals Technologies
