of excellence –
influential leaders
who inspire
continuous
improvement in
their organizations.

JOIN EXCLUSIVE CHAMPIONS CLUB VIRTUAL EVENTS

Network and learn with senior enterprise excellence leaders at members-only AME Champions Club events. Hear from noted authorities on topics that have been curated to inspire senior leaders.

About Champions Club Members

Champions Club members are senior leaders who inspire excellence in their organizations. When you join the Champions Club, you become a part of an exclusive group of influencers who share, learn and grow while sharing industry best practices. You will network with likeminded decision-makers and lean leaders, and together you will tackle challenges and develop strategies that will shape your company's continuous improvement journey and the overall lean community.

Vision

AME Champions Club aspires to connect and engage senior leaders to foster a mindset of enterprise excellence.

Mission

AME Champions Club exists to see and inspire excellence through exclusive access to deep experiential learning.

Testimonials

“At its core, Champions Club is a group of advanced lean thinkers who create opportunities to spread the wealth of knowledge and experience housed within AME. Champions Club has allowed my organization to see amazing examples of advanced lean culture and managerial systems. It is a forum where I can bring C-suite executives to meet with other senior leaders to talk through anything from strategy deployment to creating their own leader standard work.”

Cindy Hinds
Director of Enterprise Excellence
A.O. Smith Corporation

“Understanding lean tools and processes aren't enough to make your continuous improvement strategies and your teams reach their full potential. Champions Club provides a network of fellow decision-makers who are focused on overcoming the unique issues that leaders face.”

Kim Humphrey
President & CEO
AME
